

LOVECRAFT

Technical & Hospitality Rider
2026

D J S E T

TECHNICAL RIDER

REQUIRED EQUIPMENT

QTY	EQUIPMENT	NOTES
3–4	Pioneer CDJ-3000	<i>Absolutely no CDJ-2000 or older models</i>
1	Pioneer DJM-V10 Mixer	<i>Preferred. DJM-A9 acceptable as alternate</i>
2	High-Quality DJ Monitors	<i>Powered by separate amp, not self-powered</i>
1	Dedicated Subwoofer	<i>For DJ booth, controlled by DJ mixer</i>

CONNECTIVITY & SETUP

Ethernet: The mixer and all CDJs must be connected to the same network switch via ethernet. This is required for Pro DJ Link functionality.

Lossless Audio: Lovecraft uses lossless music files that are not compatible with CDJ-2000 or older models. CDJ-3000s are mandatory.

DJ BOOTH HEIGHT

Important: Lovecraft is 6'5" (1.96 m). The top of the CDJs and mixer must be at least 39 inches (1 meter) off the ground to ensure comfortable performance throughout the show.

HOSPITALITY RIDER

Please ensure the following items are available in the DJ booth or green room upon arrival.

QTY	ITEM
1	Bottle of Premium Mezcal (Amaras, Illegal, or similar quality) <i>With pineapple juice and soda water as mixers</i>
6	Mexican beer or light IPA (bottles)
6	Bottles of water
